

# MAPS 4 AND EMBARK BRT ALTERNATIVES ANALYSIS SUMMER 2023 UPDATE

## Where do you want Bus Rapid Transit (BRT) service in OKC?

MAPS 4 and EMBARK are conducting an Alternatives Analysis to identify two new Bus Rapid Transit (BRT) routes in Northeast and South Oklahoma City. BRT is a high-quality, bus-based transit system that offers many conveniences beyond local bus service. The team has developed preliminary BRT alternatives (or alignments) and is looking for your thoughts!

We are kicking-off our summer community engagement and want your input on these key items:

- Which key destinations along the preliminary BRT alignments are most important to you?
- How will BRT change your daily life for the better?

Visit [www.MAPS4BRT.com](http://www.MAPS4BRT.com) to take our survey and learn about upcoming open house events that you can attend!

## Join us at an upcoming open house event!
